

Every story has a place at the TABLE FOR EVERYONE.  
And every story comes to life when we ask the  
right questions. So we created a card game that  
does just that. All you need is an open mind  
and a patient ear.

PRESENTING

# *Cards for* **SHARING**

A card game to turn every table into a TABLE FOR EVERYONE

## Intro

The answer to what makes us connect as human beings despite our differences, is in asking the right questions. We have that covered.

## Presenting Cards For Sharing

A card game to turn every table into a TABLE FOR EVERYONE

## How to Play

- Pick a card from the top, bottom or anywhere in the middle.  
You do you.
- Understand the question, answer honestly or make up  
a great story. Unless you're already known for it.
- Listen. You might find a new side to your old friend,  
or even a whole new friend in a stranger.
